The International Mathematics Olympiad - Professor Andreea Panait

Abstract: A place where everybody speaks the same language is the International Mathematics Olympiad. In this presentation I will talk about its history, its important moments and I will show some remarkable problems from different years. Hope to see you there.

2.30pm-4.00pm (in Zoom)

On The Unity of Mathematical Sciences - Professor Shahab Shahabi

Abstract: Contrary to the view that regards mathematics as an Archipelago (with scattered islands Algebra, Geometry, Calculus, Number Theory, ...), we show the unity of these seemingly unrelated areas.
